INTERNATIONAL CHEMICAL REGULATORY AND LAW REVIEW (ICRL)

Chemicals have a significant impact on our way of life and the global economy. Accordingly, safe chemical management is essential in avoiding risks to human health and international trade.

To provide a forum which will enable practitioners, regulators, policy makers and academics to discuss the most pressing issues in this field – in Europe and beyond – Lexxion has created this Journal. **ICRL** will report on the regulation, law & policy governing, inter alia:

- chemical law and regulation (regional, national, international),
- Commission decisions (ECHA opinions),
- European and global jurisprudence,
- regulation on crop protection,
- biocide law,
- transport law for hazardous materials,
- patents/trademarks,
- licences,
- chemical registration.

We invite you to submit your articles, country reports and case notes on the topics covered by **ICRL**.

All articles will be subject to peer-review before acceptance for publication and are required to conform to the author guidelines available at: www.lexxion.eu/icrl/author-guidelines

Submission Deadlines:

- Issue 1/2020: **15 January 2020**
- Issue 2/2020: **15 April 2020**
- Issue 3/2020: **01 July 2020**
- Issue 4/2020: **01 October 2020**

Contributions may be submitted after the published deadlines, by arrangement with the editor. All submissions should be in British English and conform to the OSCOLA style of referencing.

Please send your submission to:
