INTERNATIONAL CHEMICAL REGULATORY AND LAW REVIEW (ICRL)

Chemicals have a significant impact on our way of life and the global economy. Accordingly, safe chemical management is essential in avoiding risks to human health and international trade. To provide a forum which will enable practitioners, regulators, policy makers and academics to discuss the most pressing issues in this field – in Europe and beyond. ICRL will report on the regulation, law & policy governing, inter alia.

We still have space for a few more Articles on the following topics:

- chemical law and regulation (regional, national, international),
- Commission decisions (ECHA opinions)
- European and global jurisprudence
- regulation on crop protection
- biocide law
- transport law for hazardous materials
- patents/trademarks
- licences
- chemical registration

We invite you to submit your articles, country reports and case notes on the topics covered by ICRL. All articles will be subject to peer-review before acceptance for publication and are required to conform to the author guidelines available at: www.lexxion.eu/icrl/author-guidelines

Submission Deadline

We are accepting submissions on a rolling basis
