ESTAL EUROPEAN STATE AID LAW

QUARTERLY

EUROPEAN STATE AID LAW QUARTERLY (ESTAL)

ESTAL was launched in 2002 as the first pan-European journal dedicated to State aid law. The journal is known for closely monitoring and shaping the reforms, changes and overall developments in the world of State aid. It is a primary point of reference for academics, policymakers and practitioners.

The editors of ESTAL welcome submissions for the upcoming issues, published online and in print of the following:

Articles | Annotations | Opinions | Book Reviews | Country Reports

We encourage authors to write on all major areas of State aid law, economics and policy. To guarantee ESTAL's high-quality standards, all articles are subject to double blind peer review before acceptance for publication and are required to conform to the author guidelines at: www.lexxion.eu/estal-authors.

Submissions should be sent exclusively through our online manuscript submission system: **Scholastica**. Authors receive a free printed copy of the journal.
